SLAMP

This is just the beginning of something big

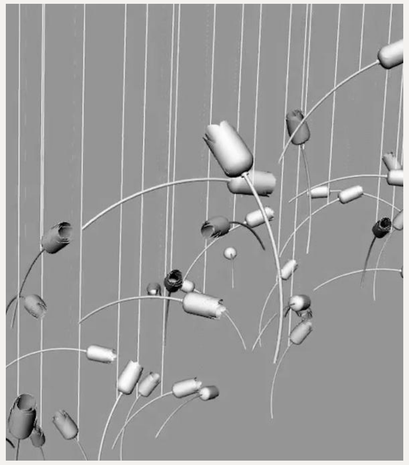

By your side at every stage of the project

A team of lighting professionals operates within our creative hub, offering technical support at every stage of the project: from lighting consultancy to technical supervision of complex installations, up to post-installation assistance.

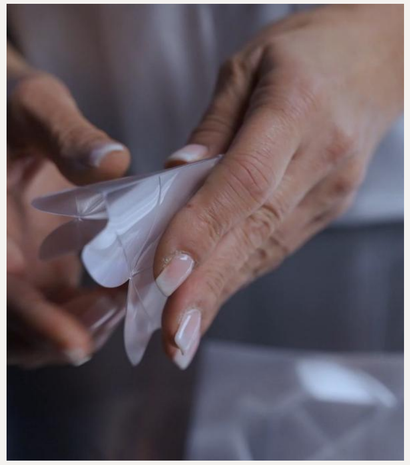

SPACE ANALYSIS

Our team will guide you in collecting all the technical data required for the design phase, including ceiling heights, system constraints, and accessibility requirements for installation and maintenance.

IMMERSIVE LIGHT BACKDROP DESIGN

Based on the spatial analysis, we propose the most appropriate lighting solution to create atmosphere, define identity, and deliver strong visual impact.

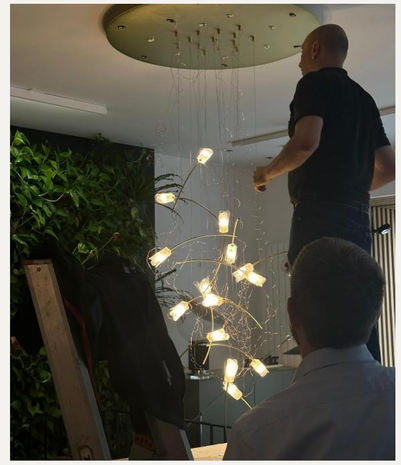

CUSTOM & BESPOKE SOLUTIONS

Looking for something beyond standard catalogue solutions? We develop and deliver bespoke lighting solutions, featuring dedicated finishes, customised shapes, and fully tailored configurations.

COST & TIMELINE ROADMAP

We define a clear and comprehensive commercial proposal, with production and delivery timelines fully aligned with the project schedule.

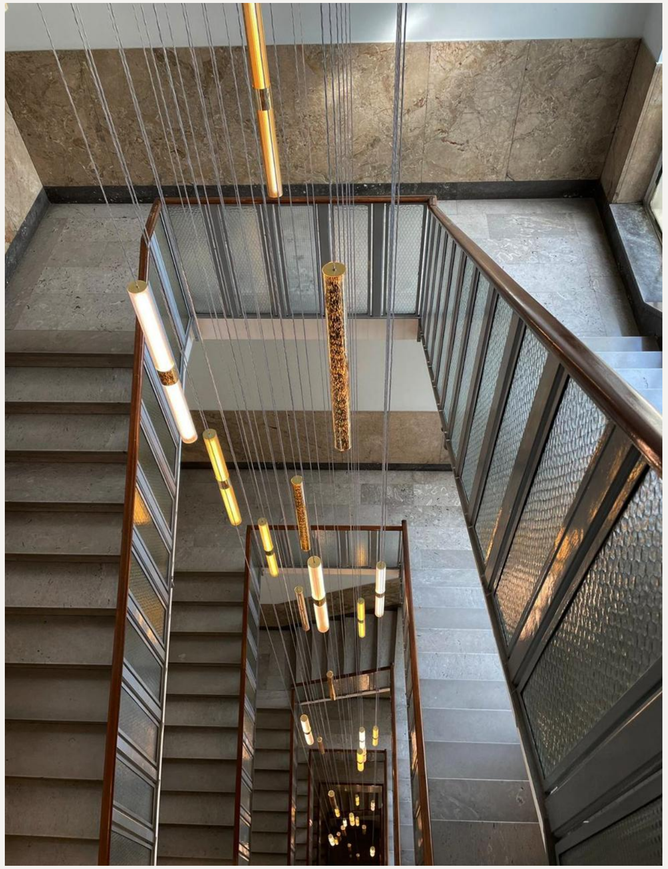

TECHNICAL SUPPORT

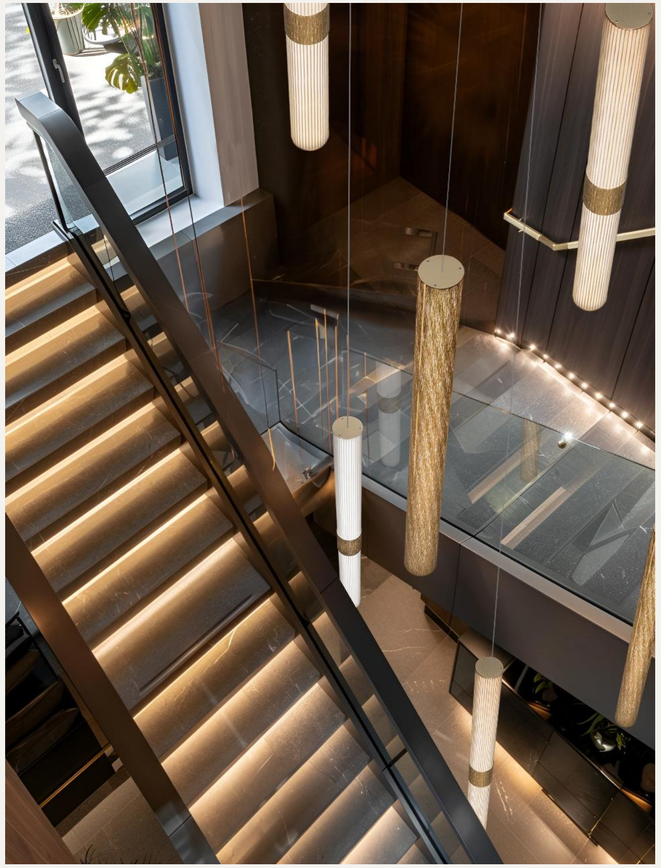

We support installers and professionals during the installation phase and, upon request, provide direct on-site installation services, ensuring continuous assistance even after the setup is complete.

La Lollo LightFall design by Lorenza Bozzoli

SLAMP

Lollo Lightfall

Single Suspension

AVAILABLE FINISH:

Lollo Lightfall Velvet
Lollo Lightfall Prisma
Lollo Lightfall Gold

Light Source: 20W - 100~240 Vac/24 Vdc - 3.000 Kelvin - CRI >90, LED integrate

Light is the calling card of your space

Slamp is the strategic partner that supports professionals with solutions designed to simplify everyday work.

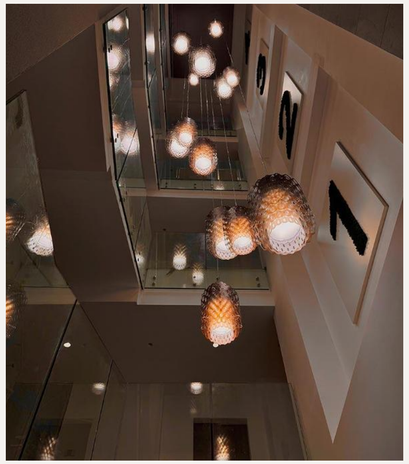

Be inspired by our completed projects and discover the experience of those who have already chosen to collaborate with us.

HO.RE.CA

“The selection of Slamp luminaires responded to a precise design objective: to use light as a tool to structure the space, create visual focal points, and reinforce the narrative identity of the interiors.”

Jennifer Bassani
chief of interior design
Studio Marco Piva

RESIDENZIALE

“We chose Slamp because its products stand out for their lightness, safety, and strong visual impact, without ever losing sight of practicality.”

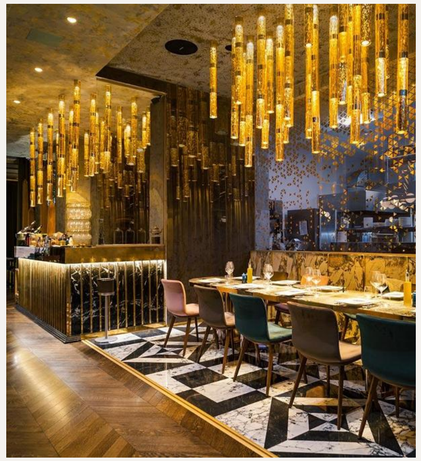

Ginevra Bracalente
proprietaria
Immobiliare Adua

RETAIL

“I first discovered Slamp products on Instagram. The Tulip suspension became the most important decorative element and a true symbol of our boutique — so much so that most of our clients photograph it!”

N Berrin AK
proprietaria store
Halicon Days

CUSTOM & BESPOKE

“In our bespoke project request, it was essential for us to create contrast and complementarity, and Slamp was a natural choice to fulfill this role.”

Arch. Dragos Epure
Metropolis Studio

EVENTI E SPAZI CULTURALI

From the opening night of Teatro alla Scala in Milan to foundation fundraising dinners, all the way to Sophia Loren’s 90th birthday: the most prestigious cultural events choose to be illuminated by Slamp — 100% handcrafted in Italy.
